Pursuant to your correspondence dated July 12, 2011 and Remaild October 7, 2011 and my telephone conversation with Senior Campaign Finance Analyst Andrea Needles, please be advised of the following:

I have verified with Andrea that the FEC does have our correct address on file and no action is required by the Midwest Region Laborers' Political League.

As far as the misdeposit goes, a check not related to the Midwest Region Laborers' Political League was inadvertently deposited (electronic deposit) to this account rather than the intended receiver, "MROC". This error was caught when entries for the deposit were made into VOCUS. Therefore, an electroic transfer to MROC to refund their monies and rectify this situation was made.

Thank you.
